After years of immersing myself in the mystical worlds of tarot and art,
I've blended my passions for card reading and creative expression.
My journey began as a tarot reader, where I discovered
the magic within the cards and the stories they tell.

As my understanding of tarot grew, so did my desire to
create something unique.

Inspired by the rich history and symbolism inherent in tarot,
I embarked on the project to design the Dream Weavers Tarot deck.
This deck is more than just a collection of cards;
it is a vibrant fusion of colours, captivating forms,
and intricate narratives that bring each illustration to life.
Every card tells a story, inviting readers to explore deeper meanings.

My artistic vision intertwines with the spiritual essence of tarot,
creating a harmonious balance of color, form,
and the timeless art of storytelling. With each brushstroke,
I strive to capture the essence of tarot as a bridge between
the material world and the realm of intuition.

Thus, the Dream Weavers Tarot deck was born –
an embodiment of my skills as a reader and my love for the craft.
Each card serves as an invitation to embark on a journey
of self-discovery, where the wisdom of the
Dream Weavers Tarot comes alive through art.
